Like abracadabra, close, disappear.

Pick a card
Any card
Now put it back in the deck, remember it
gotta be the queen of hearts
Yes you are
And I'm the king of diamonds
Pay attention tonight girl

It's just an illusion
Don't look away
No worries girl
I'll keep you safe
Like abracadabra
Close, disappear
You're my assistant and I need you here

When I perform that body magic
Doing things that you wouldn't believe, no
When I perform that body magic
I got a few tricks up under my sleeve
And it feels just like we're levitating
From the love we're making
If you'll just be patient it'll be amazing
When I perform that body magic
That body magic

Lay you down on this bed
And before you know it
It'll feel like you're floating on air
I'ma tie your hands behind this chair
So you won't go nowhere

It's just an illusion
Don't look away

Oh, no worries girl
I'll keep you safe
Like abracadabra
Close, disappear
You're my assistant and I need you here

When I perform that body magic
I'm doing things you wouldn't believe
When I perform that body magic
I got a few tricks up under my sleeve
And it feels just like we're levitating
From the love we're making
If you'll just be patient it'll be amazing
When I perform that body magic
That body magic

I'ma be Houdini when we're alone
Girl now you see me, and now you don't
Cause I'm in the front and I'm right behind
This gon' be all night

So ladies if you're ready for the greatest show on earth
Say start the show
I said ladies if you're ready for the greatest show on
earth
Say start the show

When I perform that body magic
I'm doing things you wouldn't believe
When I perform that body magic
I got a few tricks up under my sleeve
And it feels just like we're levitating
From the love we're making
If you'll just be patient it'll be amazing
When I perform that body magic
That body magic
That body magic
