Wont even needing a calculator
Cause its black and white
So you do the maths babe
You can stop me from lying
you know decision like a tying it all adds up, id seen
enough and i dont want it want it is always to do you
know what im gettin at sugar ,
C'mon you know what im talking about baby C'mon for
you
I dont know what you herd but let me tell you the truth
It dont take a genius noo
It dont take a genius to seee
You see you belong right here with me
Baby it dont take a genius it dont take a genius to see
It dont take a genius noo
So can i make a plain yea baby the flowers need a rain

genius to see it dont take a genius noo
