Queen of hearts, you know what I wanted from the very
start ,but we grew apart
And anyone could see, foughted but I knew you were the
one for me
We were in harmony
I can't act like I'm really over you
Allmy homie see that it aint the truth
And maybe they're right when they tell me I should just
swallow my pride
Maybe they're right, cause we were so fly, when I told
you, you should find another guy
Baby I lied and maybe they're right
About you and me, when they say we're (destined to
be?)
Maybe they're right,
About you and me, when they say we're (destined to
be?)
Maybe they're right
They know something that we couldn't figure on our
own
Where did we go wrong?
And baby once again I don't even really have an
argument
Why we had to end
I cannot act like I'm really over you
All my homie see that it aint the truth
And maybe they're right when they tell me I should just
swallow my pride
Maybe they're right, cause we were so fly
when I told you, you should find another guy
Baby I lied and maybe they're right
About you and me, when they say we're (destined to
be?)
Maybe they're right,
About you and me, when they say we're (destined to
be?)
Maybe they're right
Yeah maybe they right
Saw your picture, baby I cried
Well in the sense of the song, here it is, is the vibe all
wrong?
If it aint what I see, you may got a man but he can't shut

up me
And I can understand if you still don't love me
Cause the bridge is on fire
And we can't get it back
But what led to desire is a matter of fact
I think maybe they're right
When they ask me why aint you here by my side
I don't know why, maybe they're right
I think maybe they're right
And maybe they're right when they tell me I should just
swallow my pride
Maybe they're right, cause we were so fly when I told
you, you should find another guy
Baby I lied and maybe they're right
About you and me, when they say we're (destined to
be?)
Maybe they're right,
About you and me, when they say we're (destined to
be?)
Maybe they're right
