Spoken word intro:

Our souls come together

Why's that?

Because we've been down forever

Since the first eternal spring

Life everlasting

Blessing existence with knowledge, wisdom, and
understanding

Creating emotions that shiver through my cerebral
cortex

External factors create division - Montague and Capulet

Nothing can divide what we continue to cherish

Our souls deep as the rivers remain unblemished

Refrain:

Our souls run deep; our souls run deep as the river

Verse 1

The clay was formed (image of He)

The breath to live (one life)

Through these veins

The peaceful waters are flowing (they flow)

What a high

A natural high

What a way to fly (fly...)

Shared piece of He (one love)

Joined eternally (infinity)

United love

God gave him Dove

He's on cloud nine (heaven you seek)

Come in the waters fine

There's peace in me

So come on, come on

Refrain

Verse II

The living one (our seed)

Her life she'd give (womb of me)

Unnamed harm

Won't let go of this yearning (yearning)

Magnified

Not damned by night
Inner peace on high (high...)
He's man you see (the strength of me)
Fills all my needs (makes me complete)
He gave us verbs
Morseled words are flowing
Just take your time (paced heartbeats)
Our actions heal our mind
No doubt from me
So come on, come on

Refrain

Bridge - S.O.U.L.
Something was missing from my life and God knew
just what it was
Nightly I prayed for an angel but he sent me a dove
You're created to be a part of me like
Adam and Eve
He gave you half of my lungs to help you breathe easy
- believe me
Life is complicated enough I need some comfort baby
Daily dodging bullets like rain drops this world is crazy
Te amo un beso, te amo - let's let them all know shallow
minded people can't understand how deep our soul
goes...tell 'em Dove

Refrain

We got this S.O.U.L.
We gone make this work
And show the world what love is
