And then he entered the room
And looked like his kinda place
The bluest jeans that I've seen
Had a smile on his face

Who knew? Everybody knows about him!
Who knew? I don't care!

Shame you aren't what you seem to be,
Everybody looks better in the right light
[x2]

He talks to all the right girls
They seem to care what he says
The strangest things that I've heard
(?) turned to praise

Who knew? Everybody knows about him!
Who knew? I don't care!

Shame you aren't what you seem to be,
Everybody looks better in the right light
[x2]

Aha, aha, aha, aha
Aha, aha, aha, aha

Everybody looks better in the right light
Everybody looks better in the right light
Everybody looks better in the right light
Everybody looks better in the right light

Shame you aren't what you seem to be,
Everybody looks better in the right light
[x2]

Aha, aha, aha
Aha, aha, aha, aha

Everybody looks better in the right light
Everybody looks better in the right light

Everybody looks better in the right light
Everybody looks better in the right light
