The state of my heart, it was something critical
In need of something supernatural
But who'd specialize in the medical I had need of

That's when you came along like a song never been
sung
Hard to believe 'cause it's all been done
Still to this day you're the only one
I can lean on, yeaâ€¦.

CHORUS:

I believe every word you say
Since you stole my heart away
How could I turn down the love you bring
When you're so unbelievable
Like nothing I've ever seen

Right from the start you were doing things differently
Breaking me down with a love so sweet
Cut through my heart but it didn't bleed
Brought me healing
You opened up my eyes to see the wonders of every
day
Spoke through a past that had haunted me
Now look what you've done, I'm overcome
It's a real thing, that's a real good thing, yeah

CHORUS:

I believe every word you say
Since you stole my heart away
How could I turn down the love you bring
When you're so unbelievable, like nothing I've ever
seen
I will go with you all the way
Since you taught my heart to sing
How could I turn down the love you bring
When you're so unbelievable
So unbelievable

CHORUS
