I know how it looks
But that's not how it is
You'd like to wipe the tears
But feel so far away
You wonder if your love
Would make things different
But what you have to give
Is all she needs to live

CHORUS:

This is worth fighting for
This is worth fighting for
We could believe based on what we see
Or we could fight on some more

Remember younger years
Our eyes still wide and keen
When all you'd need was a steady heart
And a goliath of a dream
Well, look into his eyes
And you'll find suffering
And the only hope he has
Is right there in your hands

CHORUS:

This is worth fighting for
This is worth fighting for
We could believe based on what we see
Or we could believe based upon what we know

That this is worth fighting for
This is worth trying for
We could go on and say it's over
Or we could fight on some more

BRIDGE:

If we don't believe for the one that's too weak
Then how can we say there's still hope

And if the best we can do is say a short prayer or two
Then who's gonna throw the rope
Who's gonna let them knowâ€¦

CHORUS:

You are worth fighting for
You're worth fighting for
You've gone it alone
But not anymore
'Cause you are worth fighting for
