I need a woman
To wipe away my tears
Keep me warm
And sing me bedtime lullabies
I need a woman
Put away my toys
See a man in a boy
That's still growing

Oh, I... Oh, I... Oh, I...
I need a woman

I need a woman
Make me feel all undone
Hang me out, hang me on
Take me slow now

I need a woman
Find a window in my soul
Bring me in from the cold
That's where I'm dying

Oh, I... Oh, I... Oh, I...
I need a woman
Oh, I... Oh, I...
I need a woman
Oh, yes I do

I can see her now
As she takes me out
With a wink of her eye
And down I go
For the longest time
Do you tell me
I don't need to know why
I got a fire inside
And a feeling I'd die
For another night

Oh, I...
I need a woman

I can see her now
As she takes me out
For another night
Hot and sweat
As I shiver and shake
Can you tell me
If it's do or die
I got a fire below
And a feeling I'd go
For another try

Oh, I...
I need a woman
