Superficial conversation  
Never going my way  
Always something there to remind you  
Life is a bowl of clay

There she sits in  
Silent confusion  
While the world spins  
Gold into hay  
Pressure building  
Under her makeup  
It's not a very good day

There's a Panic in Jane  
What will she do  
Drive me insane with her conversation  
A day in the life  
And the world crashes down  
There's only one way  
Go with the Panic in Jane

What's the matter  
World's got her humming  
A different tune for the day  
Mind's expanding  
Why all this madness  
Is it real or a game that she plays

Get the message  
Mutant down under  
She cries in silence for love  
Will she stumble all of her lifetime  
Or burn like the morning sun

There's a Panic in Jane  
What will she do  
Drive me insane with her conversation  
A day in the life  
And the world crashes down  
There's only one way  
Go with the Panic in Jane  
Panic in Jane

Can she ever see  
Why can't she believe  
What it takes to find love is a lifetime  
So open the door  
Let go of the past  
It's just there it exists to remind you  
Where you are  
And where you want to do yea

There's a Panic in Jane  
What will she do  
Drive me insane with her conversation  
A day in her life  
And the world crashes down  
There's only one way  
Go with the Panic in Jane  
Go with the Panic in Jane  
Panic in Jane  
Panic in Jane  
Panic in Jane  
Yea yea yea yea yea yea  
Panic in Jane  
Panic panic panic in Jane
