Think of it
I hold the world in
the palm of my hand
Run a comb through my hair
head on out for some
new foreign land
And all this could seem
like a dream out the door
With everyday people
face down on the floor

I always said I could
make it and be who I am
There's a new look in sight
what a change for the new modern man
With all this it seems
like I'm dying for more
The streets are on fire
never seen it before
It's like the sound of electric guitars

(chorus)
Worlds collide and hearts will be broken
Over and over it's the same every day
How can I say what has never concerned me

The secret of my success is
I'm living 25 hours a day

It's amazing to me
what a fool will believe to bet by
With a change of your mind
I can live, I can fly
The harder the come, the harder they fall
I never say maybe and I go for it all
Just like the sound of electric guitars

(chorus)

With nothing to show
just sweat form my soul
My heart's on the line and

I'm dying to go (dying to go)
Look at us now, gonna make it somehow
Hold on to me baby, can't hold me down

(chorus)

The secret of my success is
I'm living 25 hours a day
25 hours a day
