Now that you're gone I wish you could've stayed
You know nowhere near how many tears I've cried
today
I wish I could have the chance to say goodbye
I wish you didn't make my momma cry
Blow me away
Blow me away
No matter what I do
I didn't want to hurt you
No matter what I had to say
That I would always love you
Look through to the water
And into the sea
Close your eyes
And come away with me
Close your eyes
And come away with me
Close your eyes
And come away with me
Blow me away
Blow me away

I want to blow your troubles
Down the drain
When you'll never ever have to be in pain
I want you to blow me away
I want you to blow me away
So Close your eyes
And come away with me
Close your eyes
And come away with me
Close your eyes
And come away with me
Close your eyes
(awesome bass!)
Close your eyes
And come away with me
Close your eyes
And come away with me
Close your eyes
And come away with me
Close your eyes
