I've seen your face all over my town  
and I still don't know your name.  
Or your location baby  
or where you have been.

Cuz if you're not here, I don't know where you are(x2)

I looked over here and I looked over there  
but I don't know where you are.(x2)

I don't know where you come from baby  
and I don't know where you're headed to.  
All that I know is I've looking for you  
And I guess you found somebody new.

I thought ya knew that I liked to lick 'em up  
just like an ice cream cone leaving teardrops on my  
telephone  
and now I guess that I'm all alone...

Cuz If you're not here, I don't know where you are(x2)

I've been looking around,  
upside down.  
I've been looking for you  
but you can't be found.

If you're not here, I don't know where you are(x2)

I looked over here and I looked over there  
but I don't know where you are.(x2)

I don't know where you come from baby  
and I don't know where you're headed to.  
All that I know is I've looking for you  
And I guess you found somebody new.

I thought ya knew that I liked to lick 'em up  
just like an ice cream cone leaving teardrops on my  
telephone  
and now I guess that I'm all alone...

I guess that I'm all alone.
