Gasoline lips and a propane heart  
Lookin'™ for a lover to catch that spark  
Heroine hips and cocaine mind  
Taste a little bit until she takes your live

#### PRE-CHORUS

It's™ just shame shame shame  
That I never learned the rules to your game  
I took the blame blame blame  
For letting you take everything but my name

#### CHORUS

It was bad idea  
To let you love me  
Bad idea  
It was a bad idea  
To let you have me  
Bad idea  
Bad idea!

Suicide messiah on a solo crusade  
Saved me from myself until I started going crazy  
Messing with my mind because you made me wanna  
thrill  
Lesson learned in time I should've™ learned to quit  
you

#### PRE-CHORUS

#### CHORUS

I don't™ know why I stuck around your lies this long  
But now that I've™ got you figured out I'm™ long  
long gone

#### PRE CHORUS

#### CHORUS

BAD IDEA and out!
