Weâ€™ve had lots of time now  
To make up our minds now  
â€˜Cause change is coming around the bend  
No time for indecision  
Weâ€™ve got to kill this division  
Or change will bring about the end

### Pre-Chorus

Now itâ€™s time to get out and get in and step out of  
your skin and sing (Hey, hey)  
Come get your freedom get back into the rhythm  
itâ€™s time for us believers to sing (hey hey)

No gettingâ€™ lost between religions  
Donâ€™t matter what the colour of your skin is  
â€˜Cause that ainâ€™t what weâ€™re talking about  
No place for disbelievers  
Weâ€™ve got no fear of the reaper  
â€˜Cause judgement day is here and now

### 2x Chorus

Whoever said that the world would never change  
should get out of their graves and see  
What weâ€™re doing right here and right now is  
looking like change to me
