Daughter of the times of war
The day will come for you I know
To see the day the gun shoots no more
The seeds of peace will have been shown

Oh How far youâ€™ve come
From the shadow of the bomb
How far youâ€™ll go
Once youâ€™ve learned to walk with hope

Little brother reap the day
Fan the flame that lights the way
You will live enlightenment
And so forget the violence

Oh how beautiful
The children have become
Oh let the truth be known
The love of man can grow

Chorus

You can deliver yourselves tonight (Oh Oh whoa ohhh
x2)
Leave the wars behind (Find the light)
And if you carry the spark divine (Oh oh Whoa ohhh x2)
Then you will know the light
And shine alive (Shine Alive)

Mother of the passing age
Cleanse yourself from all your pain
Caress the hands of those who change
Forgive the ones whoâ€™ve lost their way

How far weâ€™ve come
Father knows what we have done
How far weâ€™ll go
When we walk the road back home

The constellation of the heart is all the colours that we
are
And so the love of all we know could be the light that
leads us home

Shine alive

How things could change if only weâ€™d see â€˜em
through

How things could be if only weâ€™d be the truth

How things could be how things could be

If only weâ€™d see the truth!

Chorus-out
