Miracle man thy kingdom come  
But whereâ€™s the glory for the rest of us  
You came to teach about peace and love  
But all weâ€™ve learned was how to wage a war

A thousand prayers but still no sign  
How much longer until itâ€™s time

You belong down here with us  
You belong down here with us

If I could walk on water too  
Iâ€™d show the world what I could do  
If I could heal the sick and dying  
Maybe I could stop this world from crying

A million prayers have just gone by  
And still we wait here for the sign

You belong down here with us  
You belong down here with us  
You belong down here with us  
You belong down here with us

-Break-

Why should we keep on believinâ€™  
In the return of the chosen one  
Or do you just keep on forgetting  
A promise that our day would come

â€˜Cause those that take from the giving  
Walk the road they paved in gold  
Whatâ€™s left for those that keep on living  
When they start to lose their hope

You belong down here with us  
You belong down here with us  
You belong down here with us  
You belong down here with us

-Ad lib and out-
