You Try, You Try
To make you Cry
and make you love me

Ohh, i would say yes
Ohh, I would say yes

The need to be the best before
The need to rest

Ohh, i would say yes
Ohh, I would say yes

Si, my wait is U
My wait is U, my wait is U
(And I won't go on)

Si, my wait is U
My wait is U, my wait is U
(And I won't go on)

To he pain of you deflame can be trying
Ohh, i would say yes
Ohh, I would say yes

So as you fade away your life
I lay dying

Ohh, i would say yes
Ohh, I would say yes

Si, my wait is U
My wait is U, my wait is U
(And I won't go on)

Si, my wait is U
My wait is U, my wait is U
(And I won't go on)
