Did he wear the ring that rainy day?
Cloud cover over my way
Did he lurk inside the passion play?
Dressed up as a boor
I saw crosses falling on the stage
The curtain ripped from top to bottom
Have you kept the ring or turned the page?
Shedding no sharp tears

Heal your soul *~* find a way
Throw your sloughed off skin in the wishing well
Take your eyes off the stage and don't ask
why
Hold your breath *~* *~*
Much ado about nothing just brings silent pain
Take your eyes off the stage and don't ask
why

If the mourning ring fits, wear it now
And find a grave with a nice view
How *~* s to lie six feet under regret?
Dressed up as a whore

Heal your soul *~* find a way
Throw your sloughed off skin in the wishing well
Take your eyes off the stage and don't ask
why
Hold your breath *~* *~*
Much ado about nothing just brings silent pain
Take your eyes off the stage and don't ask
why

~ let her soul go
You have my deepest sympathy, now mourn with me
Raise your wrinkled fingers to the kindly skies
She *~* ll live with us in memory for evermore
She *~* s going to toss and turn - all death long
You have my deepest sympathy, so mourn with me
Bow your head and fake your best goodbye
She *~* ll live with us in memory for evermore
Always in our hearts, always in our hearts

Put on your black suit
Seems that you like to sensationalize
IÃfÂçâ, -Ã™ m dead sure you want to recover
Figments of the past
Right from my mind

Get rid of your ghosts
Find the lethal dose
Turning back to those days when you could just wait

ÃfÂçâ, -Ã,Â!let her soul go
You have my deepest sympathy, now mourn with me
Look up to heaven and call out her name
SheÃfÂçâ, -Ã™ ll live with us in memory for evermore
SheÃfÂçâ, -Ã™ s going to toss and turn - all death long
You have my deepest sympathy, so mourn with me
Bow your head and fake your best goodbye
SheÃfÂçâ, -Ã™ ll live with us in memory for evermore
Always in our hearts, our ever guilty hearts
