On Saturn I played dead at night  
 Down where land and stars with sea intertwined  
 With sea intertwined  
 Come, to satiate the vicious  
 Come, to please the malicious  
 Where is that fickle frail smile?  
 It's gone, lost in space with my ascii  
 text file  
 Come, ancient spirits through words of blight  
 Come, creeping virus that ladies love

Sweetly you touched me, you made my days  
 On dry sand, we were wed  
 Tighter you held me, then said these words  
 "Now lie down, I'll be right  
 back"

On Saturn I played dead again  
 Down where mind and fingers quiver as one  
 Quiver as one  
 Come, to satiate the vicious  
 Come, to please the malicious  
 No, the thimble is lost and the shroud  
 You have undone during nighttimes  
 Is in a barrel behind the door  
 You held the home but the wind has changed again  
 Burn the black sails and the old rotten timber  
 You'll see the fire

(I'm blocked again, in my own  
 conspiracy  
 stuck into the unknown, I know she blocked my light  
 I'm blocked again, in my own  
 conspiracy  
 stuck into the unknown, I know she blocked my light)

Sweetly you touched me, you made my days  
 On dry sand, we were wed  
 Tighter you held me, then said these words  
 "Now lie down, I'll be right  
 back"
