What is this chill I sense on my pale skin?
Why did you come back?
I kept you locked in my best hidden place
Still as I could

But now
That time crosses over
I just realize
That you
Were something more than
Flesh to forget

What do you think about leaving me be?
A marvellous idea
I kept you locked in my best hidden place
Fuck, it hurts bad

My haunted heart
It's my demise
Should I forget or keep it inside?
My haunted heart
This is how it goes
Misspelling the words "ecos my world is
not for you
This time I'm sick of all the ravings that
Spiral upwards
My sane side got stuck in that cold room
Holding me down

My haunted heart
It's my demise
Should I forget or keep it inside?
My haunted heart
This is how I do
Misspelling the words "ecos my world is
not for you

But now
That time crosses over
I just realize
That you
Were breaking me down

Since the first day
