Come on, listen baby
To something that I feel now
Can't stand and it drives me crazy
I want you, and ?it's real now?
Doesn't matter anyway, ?gotta get up? anyway

Its you, I need you
Infatuation
You, I need you
Infatuation

Whenever you're near, I can't stand still
Gotta dance now, please say you will
Come on and touch me baby
Got my car out in the car park
Can't stand and it drives me crazy
Now we're dancing in the dark

Got a fiver in my pocket and ?about to start a'? rockin'
If you gave me half a chance, ?really gonna dance
with?

You, I need you
Infatuation
You, I need you
Infatuation

?Now I wait a long time to?
?Holding your little hand in mine?
Now I'm feeling so fine

Come on and touch me baby
Got a feeling inside me now
Gotta ?craze(grease)? that crazy feeling
You know you gotta set me free now
Got a feeling deep inside
And it's getting much to big to hide

You, I need you
Infatuation
You, I need you

Infatuation

And when it's dawn
You and I wont ever be a let-down
We can have fun
I got to let go, got to cum

I need you
I need you, I need you
I need you, I need you
I need you, I need you
I need you, I need you
I need you, I need you
I need you, I need you
