On the streets of New York the cabs don't stop  
On the street where I live they called the cops  
Found a noose in my garage, now how 'bout that  
So tonight I'm in the bushes with a baseball bat

'Cause I'm a one man, I'm a one man  
I'm a one man revolution  
I'm a one man, I'm a one man  
I'm a one man revolution

The time is nigh, the day is dark  
There's only one solution  
I'm a one man, I'm a one man  
I'm a one man revolution

On the streets of Havana I got hugged and kissed  
At the Playboy Mansion I wasn't on the list  
On the streets of Cape Town shit's ready to blow  
I don't know how to get there but I'm ready to go

I'm a one man, I'm a one man  
I'm a one man revolution  
I'm a one man, I'm a one man  
I'm a one man revolution

The time is nigh, the day is dark  
There's only one solution  
'Cause I'm a one man, I'm a one man  
I'm a one man revolution

Sacrifice and neon lights, slave ships don't wait  
Love many, trust few and don't be late

In my nightmares the streets are aflame  
And in my dreams it's much the same  
And on the streets of LA they know my name  
And if you've come this far, mister, maybe we're one  
and the same

I'm a one man, I'm a one man  
I'm a one man revolution  
I'm a one man, I'm a one man

I'm a one man revolution

The time is nigh, the day is dark  
There's only one solution  
'Cause I'm a one man, I'm a one man  
I'm a one man revolution
