Oh, lay your sweet head  
Here on my chest  
Your breath on my neck

Oh, safe in my arms  
Until the morn  
Until the dawn

(hmm, hmm)

Oh, my love, my life  
Always you and I  
Steady as we rise  
Be forever mine

Sometimes when the fight  
Burns through the night  
Leaving you tired

Iâ€™ll wait for you here  
To hold you my dear  
And keep you my dear

Iâ€™d pull the stars  
Out of the sky  
Quiet the night for

You and only you  
Could ever know  
How deep my love goes

Oh, my love, my life  
Always you and I  
Steady as we rise  
Be forever mine

(Instrumental bridge)

(Chorus x2)
