Cinema

She's weak, she's sick
She's weak, she's sick
She couldn't face this ugly world
So many questions
So many fears and tears
Enough to deal with
Got so fragile tiny world.
She's crucified
She's crucified
She's crucified
Watch

So many questions
And vicious human actions
Makin' her feel like dying
She's martyred every day

She lives in the Cinema
She lives in the Cinema
Lives in the Cinema
Cinema
Her Highness
Under the falling skies
Why is she cursed?
Undying under the falling skies
Don't ask her
Don't ask her
Why
Damaged little thing is walking
Damaged little thing is talking
Damaged little thing
No help from
Drug delivery
Damaged little thing is walking
Damaged little thing is talking
Damaged little thing
No help from

Drug delivery
Her Highness
Under the falling skies
Why is she cursed?
Undying under the falling skies
Don't ask her
Don't ask her
Why

Mushroom meadows
Under the skies
Angels get physical
In front her eyes
She lives in the Cinema
She lives in the Cinema
Lives in the Cinema
Cinema

Her Highness
Under the falling skies
Why is she cursed?
Undying under the falling skies
Don't ask her
Don't ask her
Why
