Someone wants to melt my brain
I'm getting faithless, darling
Extremely harmful day by day
I'm infected, darling

Just stick around
Just stick around
Just stick around
Just stick around

Heaven, watch my every movement
Someone's sending stuff from hell
Wake me up before the sunrise
I'm gonna leave my native cell

Your words like balm
Come, pour on me
Your graceful shape I can see
You lead me up
No extra fee
Don't let me down

Just stick around
Just stick around

Just stick around
Just stick around
Clap your hands
Scratch your teeth
Clap your hands
Scratch your teeth

Heaven, watch my every movement
Someone's sending stuff from hell
Wake me up before the sunrise
I'm gonna leave my native cell

Just stick around
Just stick around
Just stick around
Just stick around

Your words like balm
Come, pour on me
Your graceful shape I can see
You lead me up
No extra fee
Don't let me down
