Woke up this morning and I saw my future
Everyday my dreams get a little bit closer
Breaking down the walls cuz the fear is fading
It's my time, and there's no more waiting

I never thought it could be like this
Seeing all the things that I thought I'd miss
now I know now I know for sure
Ain't lettin' go cuz this is it

Was the girl that was searching for direction,
So scared, so afraid of rejection
Feel the blood rushing through my veins
I can feel it coming imma make a change

CHORUS:

With the stars where I wanna be
just have to believe
so high off the ground
don't wanna come down
it's all that I really need

gonna give it all I got
gonne put my heart in it
this is what I want
no I'll enver quit
wom't give up so don't try to convince me,
ain't backin' down no nothing's gonna stop me

I never thought it could be like this
Seeing all the things that I thought I'd miss
now I know now I know for sure
Ain't lettin' go cuz this is it

I've been patient
I've been waiting
Cuz I know I was born to fly
even gravity won't bring me down

CHORUS

If you have a dream say yeah.. X2
If you still believe say yeah X2

CHORUS
