Sinking slowly  
Don't you catch your breath  
Going under  
Scratch the surface from below

Say goodbye to mommy - say goodbye to dad  
Voices in your head  
Say goodbye to lonely - say goodbye to sad  
No more thoughts like that

Oh can you hear the sound?  
Oh love is all around  
Oh what a beautiful, a beautiful way to drown  
Oh what a beautiful, a beautiful way to drown

This is your place

Welcome here we go...  
Say goodbye to dying - say goodbye to living  
Love will set you free

Oh can you hear the sound?  
Oh love is all around  
Oh what a beautiful, a beautiful way to drown  
Oh what a beautiful, a beautiful way to drown

This is your place  
Coming home...time to let it all go

Oh can you hear the sound?  
Oh love is all around  
Oh what a beautiful, a beautiful way to drown  
Oh what a beautiful, a beautiful way to drown
