Every moment goes
Keeping everything it knows
'Til you pick up a line
And feel how the world glows
Look on every field
Search beneath every stone
Cause on the road you'll find
Joy resting in your bones

So don't stay behind, and underline
Why I should keep track of my precious time
Just jump in on the backseat
And baby we'll be going fast

Once I've tried 'em short
Oh I wanna try them tall
I'll engage life
And paint my name on every wall

So don't stay behind, and underline
Why I should keep track of my precious time
Just jump in on the backseat
And baby we'll be going

Full speed out on the highway baby

One foot on the gas
Full speed taking no byways baby
And we'll be where life's at
And these old shoes
Won't grow tired on the road
You can count on that

As the years they pass
I'll change tires once a while
Keep on eating miles
Deal with life in my own style

So don't stay behind, and underline
Why I should keep track of my precious time
Just jump in on the backseat
And baby we'll be going

Full speed out on the highway baby
One foot on the gas
Full speed taking no byways baby
And we'll be where life's at
And these old shoes
Won't grow tired on the road
You can count on that

I'm going Full Speed out on the highway
