Look  
Here's a bottle with a message  
I can't live a life  
Without questions

Cause I love the world we live in  
And it likes when I'm forgiving

Oh Oh, let it go  
So much that we don't know  
Oh Oh, let it go  
Make space  
For So & So

I am a song on a six string  
When life goes wrong  
I am laughing

Cause I love to laugh at living  
No bad can't be forgiven

Oh Oh, let it go  
So much that we don't know  
Oh Oh, let it go  
Make space  
For So & So
