I have travelled to the future, and I like what I saw
I saw the mountains, and the rivers and the beauty of
us all

'Cause if we want to break free, We can
If we want break free, We can
And if we want to play music, Do it now
And praise the moon, the mountains and the sun

I have travelled to the future, 'cause I built a time
machine
A thousand buttons, and just one seat, but I'll take you
if you want

'Cause if we want to break free, You can
If you want to be free, You can
And if you want to play music, Do it now
And praise the moon the mountains and the sun

I have built in my backyard
A shed full of love
And I go there when I need to remember where I went

'Cause if we want to break free, You can
If you want to be free, You can
And if you want to play music, Do it now
And praise the moon the mountains and the sun

Praise everybody who dares to be kind to their
neighbour
Praise all the children, and praise all their parents too
Praise the moon and the sun
Praise all of us
Praise the moon the mountains and the sun
