In these times  
Love has no name  
and angels they fight for hate  
theres no sign of holy wars  
and every dream the old have  
is labeled as cheap lies

breaking the storm  
hating his name  
this world is a prostitute  
and we're standing in line to abuse her

welcome to the heartattack of this generation  
floating with the flood against the goal

enter the scars of the modern heat  
purchasing the dreams in our sleep  
cause this is all that we know  
floating with the flood against the goal

In these times  
youre in my mind  
the sweet paradox  
that I cannot find  
like a drug that I cant handle  
you make me hate your existence

I used to mock every inch of existence  
I wore the full armor of ignorance  
I am the reincarnation of leviathan  
There will be no table prepared for me

Is this the time to take a step back?  
is this the time to make an honest try to acknowledge  
our mistakes?  
break the chains

welcome to the heartattack of this generation  
floating with the flood against the goal  
And in these times I feel myself beeing closer to your  
grace
