One day I will find you
And I'll finally know what I've been searching for
One day you will see me
Like no others looked upon this face before

Dreams
Beneath the surface there's a world that no one sees
A hideaway where I've got everything I need

You'll shine a light and I'll be brave enough to breathe
To believe to be free

You fill these spaces
Your weakness strengthens these walls
Crawling out from the darkness
My enemy falls

Making noise through the silence
Hearing your call
Crawling out of the darkness
My enemy falls

Crawling out of the darkness

My heart grows stronger
Piece by piece
Whole again

My heart grows stronger
Piece by piece
Whole again

You fill these spaces
Your weakness strengthens these walls
Crawling out from the darkness
My enemy falls

Making noise through the silence
Hearing your call
Crawling out of the darkness
My enemy falls

Crawling out of the darkness
My enemy falls
Crawling out of the darkness
