Talk tougher than james cagney  
Act smarter than charlie chan  
Love longer than valentino  
Or you never will be a man  
I saw him down at the drive-in saturday  
A forty five to blow away anyone who happens to  
disagree  
With such panache and style, he wins the game  
When all the while, i'm sitting here thinking that it could  
be me  
Suddenly, in walks a criminologist  
With too much knowledge to resist and plenty of  
answers  
For the good at heart  
No fear, no pain, no sweat, the teardrop on the  
serviette,  
Oh i could be a hero if i was that smart  
Silver cloud, silver tongue on a liver screen  
With the sweetest of the sweet and meanest of the  
mean  
Talk tougher than james cagney  
Act smarter than charlie chan  
Love longer than valentino  
Or you never will be a man  
Back to the movies where  
The lady, beset by his charms, falls faintly in the lovers  
arms  
The fate of every watching woman in his hands  
After the earth moves, musn't dwell, our hero bids a  
fond farewell  
Upon his trusty camel 'cross the desert sands  
With the bad guys in a fix and the ladies in a spin  
Where does fantasy end and reality begin?  
Talk tougher than james cagney  
Act smarter than charlie chan  
Love longer than valentino  
Or you never will be a man  
When you take up the sword and you fight the good  
fight  
With your ego in the red and your dreams in black and  
white.

Act smarter than charlie chan
