VAMPYRE LOVE

nothing lasts forever but our vampyre love
nothing lasts forever but our vampyre love
lovers come and they go
melt away like the snow
nothing lasts forever but our vampyre love
when our bloods together
we will love forever
and even death cannot sever
our vampyre love our vampyre love
flowers bloom die too soon
fade away in the gloom
nothing lasts forever but our vampyre love
when our bloods together
we will love forever
and even death cannot sever
our vampyre love our vampyre love
when our bloods together
we will love forever
and even death cannot sever never
our vampyre love our vampyre love
summer days long and lovely
fade away in the gloom
winter nights long and lonely
invade my gloomy room
nothing lasts forever but our vampyre love
when our bloods together
we will love forever
and even death cannot sever never
our vampyre love our vampyre love
our vampyre love our vampyre love
