When you're right  
You're right beneath my skin  
I forget sometimes I let you in  
Just in time  
I catch myself again  
Blaming you for every little thing  
There's no way to  
Get away to  
Where I was when I was thinking there was  
Nowhere else I had left to go  
You will be the death of me  
Things that I cannot see  
Things that are too close to me  
You will be the death of me  
In this light  
You could be anyone  
I don't know where it is that you're coming from  
Sometimes I doubt my sanity  
But at the end of the day  
You're still there with me  
You will be the death of me...  
I hold the golden gun because of you...
