I really can't believe
That you are gone
Feelings of misery
I'm feeling alone
How can I sleep at night
Oh please hurry home
Let me apologize
Cause I know I was wrong
Why did you leave me alone [2x]

I really can't believe
That you are gone
Feelings of misery
Im feeling alone
How can I sleep at night
Oh please hurry home
Let me apologize
Cause I know I was wrong
Why did you leave me alone [4x]

How can I sleep at night
Oh please hurry home
Let me apologize
Cause I know I was wrong
Why did you leave me alone
