

Jasper Forks "River Flows In You"

Visit "[River Flows In You](#)" on MotoLyrics.com

If you have the time to share the road with me
If you can imagin we could both be free,
What I long to do is give my heart to you
So that you can always hold it close to you

Holding you, holding you
It's in you,
The river flows in you
Slowly now, slowly now
It's in you,
The river flows in you

If you have the time to share the road with me
If you can imagin we could both be free,
Holding you, holding you
It's in you,
The river flows in you
Slowly now, slowly now
It's in you the river flows in you

If you have the time to share the road with me
If you can imagin we could both be free,
What I long to do is give my heart to you
So that you can always hold it close to you
