Now that the week is done
I can go back, back to life
Into a wonderland
Please let me in
Oh please let me in

Whatever it takes
Whatever mistakes
This club is a wonderland
A ride in clubland
Club is a wonder
Club is a wonderland
The place where I get a chance to reinvent
Just look myself go

This club is a wonderland

Feeling the atmosphere
It's just right for the night
For the night

Into a wonderland
Please let me in
Oh please let me in

Whatever it takes
Whatever mistakes
This club is a wonderland
A ride in clubland
Club is a wonder
Club is a wonderland
The place where I get a chance to reinvent
Just look myself go

Club is a wonderland
