### "A Test Of My Survival"

This is a notion empowered by an individual motivation.  
I've given most of my efforts to have not just a single  
person to rely on.

This obelisk of discouraging actions was all washed out  
by a tidal wave of art and soul,  
And this will never make a coward of me,  
I'll ride this wave up to the top.

The day I needed you summoned before me,  
Became the day,  
I was left all alone,

A test of my survival,  
A test of my strength,  
A test of my survival,  
Everyone is distant!

The day I needed you, I watched you turn your back  
away from me,  
And I'm all alone.  
I never needed you anyway.  
Cried out to you.  
We are alone, we are alone.

I wouldn't trust you just as far as I could throw you.  
I wouldn't ask for a single fucking thing from you.  
I wouldn't trust you even if I've always known you.  
I wouldn't ask for a single thing.

The day I needed the numbers beside me became the  
day that I was left all alone.  
You never notice that people they leave you, but you  
can do this on your own.

The day I needed you, I watched you turn your back  
away from me,  
And I'm all alone.  
Cried out to you, cried out to you.  
We are alone, we are alone.
