Finding out the truth, behind those blue eyes
Was the hardest thing I ever had to do

I'm writing out the truthful things I never said to you

I tried so hard to change your mind, there's no remorse
in your eyes
I'm finding out the truth of why my dreams are falling
through.

All I could have told you would have saved my eyes
From being blinded by fury and tears

Now take a breath, you've tried so hard
You're giving me all that you've got
Now take a stand for everything, for everything
I'll suffocate, I won't regret the memories, the
memories.

I'm writing out the truthful things I never said to you

I tried so hard to change your mind, there's no remorse
in your eyes
I'm finding out the truth of why my dreams are falling
through.

Just watch me, I can't escape.
Just watch me, I can't escape.

Well then you walked right out the door
Without even listening to me
Tongues tied with words that I abhor
Everything you fucking said to me

Just watch me, I can't escape.
Just watch me, I can't escape.
Just watch me, I can't escape.

No more promises, no more giving into you, you won't
hurt me again

Now take a breath, you've tried so hard

You're giving me all that you've got
Now take a stand for everything, for everything, for
everything.
