As I watch through the doorway, such a helpless
feeling
You've got your bags and suitcase packed
I guess this time you mean it
You said you would leave me, said you would leave but
yet I refused to believe it
You've had enough and called my bluff and now I'm
begging
I'm begging you to

Stay
I never wanted you to go
But I pushed you away
Just stay
I never wanted you to know
That I loved you this way
I wish you would stay

6 o'clock on a Tuesday, a still-captured moment
It's all the same, your pictures hang
Even the air seems frozen
You said you would leave me, said you would leave
and yeah you made a believer
I'm on my knees, my pride's in pieces, I'm begging you
to

Stay
I never wanted you to go
But I pushed you away
Just stay
I never wanted you to know
That I loved you this way
I wish you would stay

Here I am in your doorway
Such a desperate feeling
I never thought I would be here

Stay
I never wanted you to go
But I pushed you away
Just stay

I never wanted you to know
That I loved you this way
I wish you would stay
