Never thought, never thought to wonder  
If you heard all that I said,  
If my house isn't there any longer  
Then I guess I've burnt that bridge.

How'm I ever gonna fight this breakdown  
If I'm dead from the waist down?

If I thought I could take this over  
Then I might earn my name,  
As I lie and wait for an answer lie and wait, lie and wait  
in vain.

How'm I ever gonna fight this breakdown  
If I'm dead from the waist down?

Undo my mind, undo my mind, rewind our time.

On the face in the face of all this,  
Like you, like me, like he,  
It's all I thought I ever wanted  
All I thought I'd ever be.

How'm I ever gonna fight this breakdown  
If I'm dead from the waist down?  
How'm I ever gonna fight this breakdown  
If I'm dead from the waist down?

Undo my mind, undo my mind, rewind our time.

Every word that I encounter  
Holds an old part of me.  
All the books I've ever opened  
Lie floating on the sea,  
And my clothes don't even matter  
If I have nothing more,  
Could you stay a little longer,  
Help take away the noise.

How'm I ever gonna fight this breakdown  
If I'm dead from the waist down?  
How'm I ever gonna fight this breakdown

If I'm dead from the waist down?

Undo my mind, undo my mind, rewind our time.
