[Hook: Action Bronson]

Look at the game, say "Bitch, I deserve you."

Here forever, that's my word, boo

I know my words slurrin' now, but when I sober up

I just called to see how the fuck you've been holdin' up

[Verse 1: Action Bronson]

I know you heard your boy's been hoppin' out the Rover truck

Long remove him when I rode the bus

Now I'm diving up in Polish sluts, with the gorgeous butts

And she love it when I throw her in the Cobra clutch

Window half down, smoke trickle out

Stripper fixin' out the blouse, put the pickle in the pouch

No more sushi, style reserved for the past days

Big joints filled with hash in my ashtrays

We still fam', though we chose different pathways

I heard you're sniffin', cleaning plates like the Cascade

That's the only thing that's certain, was the cash phase

Fuck it, I'm getting money 'til my last days

[Hook x2: Action Bronson & Evidence]

[Verse 2: Evidence]

Your number changed and I ain't recognized the ringtone

So pardon for the unannounced, the rain, you know I've been gone

Flip the fuckin' beat up, I was looped around the planet

In the coupe with the cannon, with car and the camera

Paparazzi never flashed, the days are way beyond us

Fact, they never flash, and I'm below the surface on us

Never blast my way out, I stroll out, pull by

Under the nose of anybody that knows not

Check-in's out of courtesy, cause these are not requirements

Wait until our time is up, high and then the niacin

Boomer Esiason, flyin' out the Lion's den

This is weird science, inside a siren's blend

I hit the solid ten, water just a little splashin

Loop it up and bring it back, man, cause this is Action

[Hook: Evidence]
