This is the closed session  
That beautiful she

She got the that  
Out of running  
Honey smell like some mormel milk  
Glaving and the coco nip  
How about the pogo stick?  
No mind, yeah?  
She's only here for taking photos  
Shit unless you want to jumping in  
All on the lo/lo  
I love you pussy  
Lips the fact and the shape of them  
And plus they have a little shake to them.  
Many time for shaking them  
And proper you,  
Said legends to the doctor.  
Many time in the last years  
Keep the flash near.

This year I've took a honey flight  
Which means my girl cry all the nights  
Honey croopy cause I've gave he pipes  
But I still have time to give my paper right.  
Big money only tell them  
[?] only count to paund  
Man I swear to God this life is waw  
You be creative and they take your stile  
Lot of bitches I have names and now

You've got me feeling so fine  
And I can hardly find the time  
To now I forget the lie  
So sit yourself down and [?]
