One for the wee, two for the [?] trapped in the middle  
Three we on the roof she claim my penis [?]  
For the tuna [?] my name is golden doe so people try to  
[?] it  
Hop about the six I'm in the mix I rock the colorful  
kicks  
Smoke the pure but I'm quit the couple bundle of nicks  
The time is money when I have it never [?] shit  
Till my super friends the bottom of the shoe  
Just like a [?] not the truck [?] sitting like a  
monster on a deck [?]  
I take juice my performance enhanced  
Never failing any test I got the urine from [?]  
91 I beg my mom to [?] from chance  
Same like I had it [?]  
Hold on I got some other shit, I got some other shit  
Hey yo, shut the [?] cause the sun I shining through it  
I like it when it's dark when I write you from the  
heart  
From fighting in the park smoking drugs on the  
benches  
Many repetitions on the dims getting blessed  
I never learn my lesson  
We in the circle for an urban session  
Pass it back to me that's the perfect present  
No reservations, [?] stomp the ground rocking leather  
till it pour rain  
Need a [?] trying to get the swamp pond never let it  
passing me  
Cause money talking bullshit walk the plank  
Flank stay [?] on a grill, what you think I'm a  
flushing queen natives  
[?] busting sea flavor, the work is getting labored on  
a daily  
[?] I take the check, [?] your queen shit.
