Even if I wanted to love you  
Would you love me?  
Even if I wanted to fall for you,  
Would you fall for me?  
Even if I never meant to hurt you,  
Would you hurt me?  
Even if I wanted to pray for you

Hold me, hold me close,  
Never let go

Tell me what you need, and I promise I'll take control

And even if I wanted to run with you  
Would you run with me?

Even if I wanted to hold you  
Even if I never meant to hurt you,  
Would you hurt me?

Even if I wanted to pray for you  
Hold me, hold me close,

In the middle of the night I feel your presence taking control

So many reasons  
Don't try to take what you didn't wanna start  
So many reasons  
Don't try to take what you didn't wanna start

Hold me, hold me close,  
Never let go

Tell me what you need, and I promise I'll take control

Even if I wanted to love you  
Would you love me?  
Even if I wanted to fall for you,  
Would you fall for me?  
Even if I never meant to hurt you,  
Would you hurt me?  
Even if I wanted to pray for you
