Coming back through life and ascending  
Chaos rules once applied  
Thousand principles brought in life all these creatures  
"Gloria! Gloria!"

Countless shapes, colours, species  
Gathered to obey your command  
Chaos devoured all individual wills and  
Vanished in dusk, aeons dusk

Heaven and hell in cosmic strict elegance  
Coils unfolded shaping mosaic bizarre  
Creating heaven and hell in cosmic strict elegance.

Never free to ignore them  
Discipline in it's purest form  
Past and future in a withering sky  
"Gloria! Gloria!"

Nothing could be like it was then  
From an end will occur different start?  
Chaining my mind to these idiot conception  
Vanished in dusk, aeons dusk

Heaven and hell in cosmic strict elegance  
Coils unfolded shaping mosaic bizarre  
Creating heaven and hell in cosmic strict elegance

State of lifeless matter  
Where freedom lies dead  
CHAOS  
The TERMINUS AD QUEM  
Of all!

"Gloria! Gloria!"  
Nothing could be like it was then...
