One is the king
From Saturn's kin

The son of none the navelless one
With fate he's somehow entwined

Revert to prime
Dust to stardust
No reason why

From void souls emerge
Particles of matter prime
In light speed they collide

Rejected divine grace by will
I dive in the endlessness of space

Dethrone the delusion god infected solution
Alone amongst planets like a pirate on a spaceship

From void souls emerge
In light speed they collide
The particles of matter prime

The son of none
The Navel less one

The son of none the navelless one
With fate he's somehow entwined

Sin is the distinction of human and divine
Demons reside within awaken only through sin

Subliminal suggestions
Unaware of the author

From void souls emerge
Particles of matter prime
In light speed they collide

The son of none

The navel less one
