Good morning sunshine  
I hope that you're well.  
Honey, I missed you  
Last night when night fell.  
You should know, sunshine  
You brighten my day.  
The world gets so dark, love  
When you go away.

They say absence makes the heart grow fonder  
But I can't help but wonder...

If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise I gladly follow  
Just for the chance  
To stand in your light.

Good morning sunshine  
I'm glad you're still here.  
My darlin' it's hard when  
My friends can't be near.  
Until I can be there to show them I'm true.  
I hope what they're seeing  
Is as bright as you.

They say absence makes the heart grow fonder  
But I can't help but wonder...

If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise I gladly follow  
Just for the chance  
To stand in your light.

If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise I gladly follow  
Just for the chance  
To stand in your light.

Just for the chance  
To stand in your light.

Good morning sunshine  
I wish for your heart  
There's no point pretending  
That you won't burn out.  
But you're still a symbol  
To all that you meet  
'Cause you keep on shining  
You're extraordinary.

(X2)  
If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise I gladly follow  
Just for the chance  
To stand in your light.

Just for the chance  
To stand in your light

Good morning sunshine.
