Though I left you, there sleeping.
No I dare not say a word.
Silently weeping,
Knowing what I heard.
What can I say?
I was never good with words
My tongue always got it wrong.
Hoping you knew all along
I love you (x4)
Hell I've done all I can,
How else can I get this through
I know you're someone else's
And I'm sure he needs you
When I'm laying in my bed,
I can say whats on my mind
Let my actions be my words,
I'm sure that you heard.
I love you (x11)
